

## Lessons Learned

- ☐ We can't play complacent or we open the door for upsets.
- ☐ **We CAN change our ugly course in the middle of the game and REFOCUS.**
- ☐ **Comebacks occur when we are: poised, patience, get the bunt down, and have timely hitting.**
- ☐ There is more room for physical errors than MENTAL errors (ie: MISSED SIGNALS ☹).
- ☐ We will think twice regarding whether to throw a change-up in a suicide squeeze situation.
- ☐ We had excellent hustle on the bases.
- ☐ There hasn't been a great payoff ...swinging at that rise ball..a thought to ponder.
- ☐ **D-We are doing an excellent job of getting that lead runner out in the BUNT situation!**
- ☐ **We are communicating very well throughout the game ...keep it up!!**
- ☐ **Our pitchers showed great composure out there. It keeps everyone calm. Great Job!**
- ☐ **Great throws to the plate from the outfield!**
